

Students with Disabilities (IEPS)

We have seen an increase in the number of students requiring special education services in the last 5 years. We are still below the state average for students with IEPs, but our percentage of students with disabilities has grown significantly. Especially in the younger grades, we are seeing more students requiring specialized instruction.

Year	Millis %	State %
23-24	19.5	20.2
22-23	15.6	19.4
21-22	14.2	18.5
20-21	13.7	18.7
19-20	13.7	18.4
