The Building department is a statutory requirement whose function is to enforce the State Building code, electrical, plumbing and gas codes, sheet metal laws, zoning by laws, trench laws, zoning and planning board decisions, general by laws as well as working with police and fire for public safety. Apply direction to the general public, contractors and town officials regarding requirements governed by state laws under its jurisdiction. Through the permitting process the building department reviews building plans, zoning, site plans, permit applications for conformance to the regulation and issues or denies permits based on an applicant's submittals and is required to keeps records of all town buildings for the life of the building. The building department conducts customer service to residence, developers, and contractors within its jurisdiction. The inspection process ensures compliance to the statutory regulations. Permit fees are generated through the department's application process and deposited in the general fund however permit fee assessments are based on the departments required staffing and operational needs for the expected workload. The mission of the building department is to ensure public safety of town buildings existing or new and to provide the statutory requirements within a timely manner. Permit fees generated sustain the budget as well as exceed the budget in current trends..

Programs and Sub-Programs See department function above

Accomplishments: Within the past few budget cycles the town has been experiencing an unprecedented growth period which we expected. As a result it has been challenging to meet all the demands and expectations of all customers for the service we provide however making changes and adjusting along the way we been able to work through those challenges moreover I expect an increasing growth within the foreseeable future.

See attached calendar year 2021 report of building department activity.
